Experience

Yaltopia Technologies | Part-Time

Frontend Developer • Remote

11/2021 - Present

UI design and implementation for various projects Web and Software applications. Worked on projects using Python, React.JS, React Native, JavaScript, Java, Go, PHP, Ruby and more.

IE Network Solutions PLC

Systems and Cloud Solutions Architect & Channel Manager • Addis Ababa, Addis Ababa

09/2023 - 07/2024

While managing both the Solutions and Channel Management teams, I participated in designing and implementing cloud and system architectures, while driving business growth through strategic partnerships, providing technical leadership, ensuring solutions aligned with client needs, and optimized the internal cloud infrastructure. I oversaw end-to-end channel strategies, maximizing revenue and fostering cross-functional collaboration to deliver customized solutions.

IE Network Solutions PLC

System and Cloud Solutions Engineer • Addis Ababa, Addis Ababa

06/2022 - 09/2023

Design, implement and support system and Cloud solutions to various organizations of different government, financial and private sectors. Hyper-Converged Infrastructure, Virtual Desktop Infrastructure, Virtualization, NAS Storage, SAN Storage, Cloud Architecture and more while actively learning system and cloud technologies.

Mamo Kacha PLC

IT Officer • Addis Ababa, Addis Ababa

07/2021 - 07/2022

Managed IT infrastructure, ensured network security, provided technical support, and maintained system performance. Led web development projects, focusing on backend functionality, and handled web design to create user-friendly interfaces. Oversaw software and hardware installations, implemented security protocols, conducted system audits, and collaborated with departments to meet organizational IT, web development, and design needs.

AiESEC | Part-time

External Relations | Partnership Manager • Addis Ababa, Addis Ababa

01/2019 - 02/2021

As an External Relations Manager at AiESEC, I developed and maintained strategic partnerships with companies, NGOs, and governmental organizations. My role involved actively pitching AiESEC's services, negotiating collaboration

agreements, and managing the implementation of partnership projects. I also promoted AIESEC's programs and initiatives through various marketing channels, organized networking events, and contributed to strategic planning efforts to enhance the organization's visibility and impact. Additionally, I monitored and evaluated the performance of partnerships, ensuring continuous improvement and alignment with AIESEC's mission of fostering youth leadership and cross-cultural understanding.

Certificates
